Welcome to Costa Rica

Costa Rica is a place of striking natural beauty, where tall volcanoes rise above misty cloud forests and tropical rainforests filled with monkeys, sloths and bright parrots. Its landscapes shift from roaring waterfalls and thick jungle to calm rivers and mangrove forests, all set between two coastlines on the Pacific and Caribbean.

At the centre of the country sits the Cerro Chirripó trek, leading you to Costa Rica's highest point at 3,821 metres. The trail climbs through cool cloud forest and into open highlands, offering quiet paths and sweeping views. Reaching the top at sunrise is unforgettable, with the chance to see both coasts on a clear morning.

Alongside your trek, you will complete your PADI Open Water qualification, gaining worldwide diving skills in warm, clear water. Through simple theory, gentle practice and open water dives, you'll build confidence while exploring colourful marine life, making this an exciting extra to your expedition.

WHY A COSTA RICA PADI EXPEDITION?

- » Complete your world recognised PADI qualification
- » Trek the Cerro Chirripó summit at a staggering 3,821m
- » Animal and environmental conservation projects
- » White water rafting adventures
- » Explore Tortuguero National Park- renowned for its animals and turtles

Your Expedition Starts

Day 1-2

Arrive in San José

Depart the UK and begin your journey to Costa Rica, the Rich Coast. After landing in San José, you will transfer to your accommodation, meet your expedition leaders and have time to rest after the long journey. These first days help you adjust to the tropical climate before the adventure begins.

Day 3

Orientation in San José

Spend today exploring Costa Rica's lively capital while acclimatising to the heat and humidity. You will also prepare for the first phase of your expedition by exchanging money, organising supplies and confirming in-country arrangements. This day sets a comfortable pace as you settle into life in Central America.

Day 4-8

Travel to your PADI provider and complete your PADI qualification

Spend the next four days completing your PADI Open Water Diver certification in the tropical Pacific Ocean off the coast of Costa Rica. This marine environment is rich with colourful coral and vibrant marine life, offering the perfect conditions for learning to dive.

You will cover theory, pool skills and open water dives under the guidance of qualified instructors. By the end of this phase you will have gained a globally recognised diving qualification and unforgettable underwater experiences.

A white-headed capuchin monkey is perched on a thick, brown tree branch. The monkey has a white face and chest, with dark brown or black fur on its limbs and back. It is looking towards the left of the frame. The background is a dense, out-of-focus forest with many green leaves and brown branches, creating a bokeh effect.

Day 9-13

Service Learning Project

Spend the next few days living in the community and supporting the essential work of the animal conservation or environmental project your team is involved in.

Your tasks may include building and maintenance projects, preparing enrichment for rescued animals, assisting with feeding routines and helping the team with ongoing conservation initiatives.

This phase offers a meaningful insight into wildlife welfare, conservation efforts and the real challenges facing communities in Costa Rica.

Day 14-18

Trek Cerro Chirripó summit

You will head to Cerro Chirripó to attempt the summit of Costa Rica's highest peak at 3,821m, located within Chirripó National Park in the Talamanca Mountain Range. This trek offers an incredible journey through some of the country's most diverse ecosystems, with opportunities to observe unique high-altitude flora and fauna along the way.

Your journey begins with a steady climb through lush cloud forest, as you gain altitude, the landscape gradually opens out into the striking páramo environment, with wide ridgelines and dramatic mountain views.

Day 2 will be spent acclimatizing at basecamp (Crestones Base Lodge, 3,400m), allowing time to rest, explore the surrounding area and prepare for your summit attempt. Your early morning ascent to the summit is a true highlight, offering breathtaking panoramic views across both the Pacific Ocean and Caribbean Sea on a clear day, making for an unforgettable trekking experience.

Day 19

Travel to Monteverde

Today you will leave the rugged, high-altitude landscapes of Cerro Chirripó National Park and begin your journey north to Monteverde.

Day 20-21

Explore Monteverde

Explore Monteverde at your own pace. You may choose to walk along suspension bridges high above the canopy for sweeping views of the forest, or take to the ground paths to experience the rich biodiversity up close. This is a peaceful and magical day amongst mist-shrouded trees and vibrant wildlife.

Day 22-25

Explore Tortuguero National Park

After a day travelling you will spend two days exploring Tortuguero's winding waterways by boat or kayak. This region is alive with wildlife, and you may spot monkeys, sloths, caimans, river turtles and vibrant birdlife as you glide through the canals. The combination of rainforest, river and ocean makes Tortuguero one of Costa Rica's most unique wildlife destinations.

Day 26

Travel to San Jose

Return to where it all started in San Jose.

Day 27

White Water Rafting

Spend one day tackling the thrilling rapids of the Río Reventazón, a fun and exhilarating white-water adventure through beautiful river gorges.

Day 28

Return flight to the UK

After an incredible expedition, it's time to begin your journey home. You will transfer to the airport in San José, reflecting on the experiences, challenges and achievements of your time in Costa Rica. From here, you will board your international flight back to the UK, arriving home with unforgettable memories, new friendships and a real sense of accomplishment from your adventure.

We are Outlook Expeditions

Outlook was formed in the foothills of Snowdonia in 2001, by a group of passionate enthusiasts who believed in the outdoors and expeditions as a vehicle for building character and increasing resilience.

Since then, we've taken tens of thousands of students on life-changing journeys to over 60 countries on five continents across the world.

WHY DO WE EXIST?

To help young people get ready for life.

WHAT DO WE DO?

We create overseas expeditions that deliver inspirational, immersive 'outside the classroom' learning experiences, that accelerate core skills development in young people

On our expeditions, individuals become team players, growing and learning through challenge, developing character, building resilience, and improving wellbeing.

We encourage responsible travel and meaningfully connect young people with the communities their visit, creating global citizens with a keen awareness of the world and their place in it.

WHAT'S DIFFERENT ABOUT AN OUTLOOK EXPEDITION?

We believe that the real destination is the personal development of a young person.

We don't fit your needs to an 'off-the-shelf' product. Quite the opposite. We listen first, ask questions and listen again to your answers. And then, we carefully craft itinerary and destination solutions that align to your school's and participants' unique needs and wants.

From a 'bag of cash' student-led age-old expedition in Peru, to a more curated activity-driven experience in Malaysia, we co-create expedition journeys with you.

The Outlook Way

We believe that what we do and how we do it are of equal importance.

We aspire to behave in the same way that we encourage our expedition teams to behave.

Our core values are our guiding principles for working as a team and in interaction with schools, parents, suppliers, partners and expeditioners. They are embedded into every aspect of our company culture.

We call it the 'Outlook Way'.

- ✕ We have a positive growth mindset
- ✕ We work together
- ✕ We find new ways
- ✕ We believe in kindness

How we create an Expedition

EXPEDITION DEVELOPMENT

- We send experienced leaders to potential destinations to undertake recce, for both risk assessments and for expedition development.
- We'll check existing and new accommodation, transport, activities, treks, dives and more.
- We're looking at safety and potential safeguarding risks, as well as assessing the level of challenge and enjoyability.

ITINERARY DEVELOPMENT

- We work with school leaders to understand what the school and expeditioners need and want before a booking is made.
- We share example of existing itineraries, but it is not until we have a team that we together create a draft itinerary closely tailored to the expeditioners' needs and wants, in an Outlook Programme workshop we call 'Map Your Journey'.
- We will continue to refine that until issuing a Final Itinerary a month before travel.
- For our Indi Expeditions [i.e. expeditions not connected with a specific school], we use our experience to create a best-in-class itinerary for the independent expeditioners.
