

OUTLOOK
EXPEDITIONS

PROGRAMME GUIDE
PERU

Outlook was formed in the foothills of Snowdonia in 2001, by a group of passionate enthusiasts who believed in the outdoors as a vehicle for building character and increasing resilience.

Since then, we've taken tens of thousands of students on life changing journeys to over 60 countries on five continents across the world.

OUR PURPOSE

To deliver inspirational, immersive learning experiences, outside the classroom, that accelerate core skills development in young people

To empower teams to grow and learn through challenge, as they develop character, build resilience, and improve their wellbeing

To develop 'life-readiness', instilling the idea that everyone can be a leader

To encourage young people to travel responsibly and become active global citizens of the future, with an awareness of the world and their place in it

To provide long-lasting transformational benefits to our participants, the communities they're visiting, and the planet

Put simply, we exist to help young people get ready for life.

WE ARE
OUTLOOK EXPEDITIONS

OUR VALUES

We believe that what we do and how we do it are of equal importance.

We practise what we preach; demonstrating the character and qualities that our products are designed to instil in young people, through the way we operate as an organisation.

Our core values are our guiding principles for working together internally, but also for managing customer relationships. The values are embedded into every aspect of our company culture — we call it the 'Outlook Way'

- » We have and promote a positive growth mindset
- » We work together
- » We find new ways
- » We believe in kindness

OUR RESPONSIBILITY

We understand a balance must be reached between the importance and value of international travel, against the polluting effects of aviation on the environment.

We also understand the need for self-awareness in travel, ensuring our experiences are always ethical, justified, and only ever a cause for good.

It is therefore our responsibility not only to stand up for the planet in the fight against climate change, but also to stand up for unheard voices within our global community.

It's our responsibility to educate our teams effectively about ways they can reduce their own carbon footprints, to understand the importance of meaningful travel, and have open conversations about what it means to be a responsible traveller.

UK LEADERSHIP DEVELOPMENT

When you book an Outlook Expedition, you aren't simply booking an overseas trip. You are benefiting from an in-depth, two phase programme that starts up to two years before departure.

Our UK Leadership Development Phase is unique to Outlook and is designed to develop character, build resilience, and improve well being — the tools required to be a leader and tackle life's challenges effectively. Delivered in a hybrid format of both face-to-face and interactive, online events, along with additional supporting activities, resources, and materials — this is where the journey really begins!

From engaging in meaningful discussions and activities about sustainable tourism, to immersive learning experiences in the UK's National Parks.

LEADER IN ME

The UK Leadership development phase is underpinned by Leader in Me, our Life Readiness leadership qualification.

Based on Covey's '7 Habits of Highly Effective Teens' Leader in Me is a comprehensive evidence-based learning model designed to increase effectiveness in students.

Through the completion of this online course, students will learn about character concepts and skills that they will use not only on expedition, but for the rest of their lives. Including; taking responsibility for your life, managing your time, teamwork, communication, and tools to manage your own wellbeing.

The key learnings from this award-winning leadership training programme will be drawn upon throughout both phases of the Outlook Programme and will form a framework that can be applied to any life scenario.

PAY YOUR WAY

The Outlook Programme is like a savings account for yourself and your future development. The more you put in, the more you get out! That's why self-funding is such an important part of your journey as it gives you the opportunity and experience to develop key life skills that you'll take forward into your expedition and beyond — from planning and organisation, to budgeting and communication — it's your chance to take ownership, set goals and really invest in your future!

Every year we're impressed by the innovative ways our students generate funds for their trip — from launching small businesses to providing services in the community, we love sharing self-funding success stories to inspire others on their journeys.

RESPONSIBLE TRAVEL

We know that for a lot of people, sustainable travel is a contradiction in terms. How can something that generates so much carbon possibly be sustainable long term?

We understand that aviation releases more CO2 per passenger than any other mode of transport and that put simply, travel is an incredibly carbon intensive activity.

But we also know how important it is to be part of a global community, with whole countries and communities relying on international visits for their livelihoods and well-being. We also know how essential rich, engaging overseas experiences can be in guiding personal development, empathy, and perspective.

At Outlook, we take an active role in caring for our planet — and educating our teams to do the same. From being proud members of the Tourism Declares a Climate Emergency movement, and founding signatories of the Glasgow Declaration on Climate Action in Tourism, to partnering with climate consultancy, Positive Planet, to help us to take control of our carbon footprint.

We don't believe in greenwashing, confusing jargon and labels, or claiming perfection overnight. We know the fight against climate change is a journey — the most important of all the journeys we've made. But we also know that we're in this together, and we're committed to learning and growing through the process, as we empower our students to do the same.

But being a **responsible traveller** is about more than simply caring for the planet — it's being a **Global Citizen**, someone that takes an active role in making the planet more equal, fair, and **sustainable for all**.

During our UK Leadership Development Phase we provide an **educational framework** for students to better understand the impact of their travels on the communities they visit. From discussing ways to contribute towards the **Untied Nation's Sustainable Development Goals**, to understanding responsible travel do's and don'ts regarding photography, shopping, and respecting different cultures.

Through **service-learning opportunities** overseas, students work in partnership with local community and environmental initiatives, to gain a **unique insight** into some of the world's biggest issues.

It is of the utmost importance to us that our partnerships never disrupt, strain, or negatively impact a host community, and as proud partners of **ChildSafe** — an award-winning advocacy and action-oriented child protection movement — we're solidifying our commitment to taking a **leading role in child welfare**, ensuring we take best practice actions linked to child protection in the workplace, in our supply chain and in the communities, we operate in.

WELCOME TO PERU

Peru is one of the world's 'Megadiverse' countries due to its vast range of endemic flora, fauna and wildlife species.

From exotic jungle to coastal desert and the breathtaking peaks of the Andes; Peru's variety of places to visit – and the possibilities for adventure – are endless!

PERU HIGHLIGHTS

- » Trek in the spectacular Andes
- » Explore Machu Picchu – one of the wonders of the world
- » Support an environmental initiative
- » Try sandboarding in the desert of Huacachina

The purpose of this brief is to introduce you to your destination and the types of activities that you can do in-country. We hope this brief snapshot will leave you feeling inspired and wanting more!

DESTINATION FACTS

- » **RELIGION:** Catholic.
- » **CULTURAL OR HISTORICAL INTEREST:** There are at least 15 tribes in Peruvian Amazon that remain uncontacted by the outside world.
- » **LANGUAGES:** Spanish, indigenous languages.
- » **GEOGRAPHY:** Split longitudinally into four main regions (west to east); arid Pacific coast, Altiplano desert interior, Andes and rainforest.
- » **CLIMATE:** Dependent on region and altitude. Rainforest hot and humid. Altiplano and Andes dry with warm summers and cold winters.
- » **ALTITUDE:** The team will trek for periods up to 4800m.
- » **VISA::** Not required for British nationals*

* Please note requirements may change

WHAT YOU CAN EXPECT

CHALLENGE RATING VERY CHALLENGING

- » Altitude may at points go above 2500m
- » In country support may be minimal i.e. all personal and group kit is to be carried by self
- » Distances covered are often more than 10km / day
- » Height gain and loss may be high per day
- » Challenging terrain in places (boulder fields etc..)
- » Kayaking activities are undertaken, distances covered can be up to 15km per day and water conditions are difficult i.e. tidal sea traverses, strong winds etc.

CULTURE SHOCK MODERATE

- » English less commonly spoken
- » Road signs in English in tourist heavy areas only
- » A mix of transport available and a schedule that may or may not be kept to
- » Amenities such as hot water and WiFi are less common outside large cities
- » In Peruvian cuisine, ceviche is a delicacy but day to day meals are often stews with potato, corn or rice.

Expeditions allow you to spread your wings, see and experience the big wide world and discover what you're truly capable of.

Take the leap and step outside your comfort zone to achieve more than you ever imagined:

- » Accelerate your learning and life skills development
- » Gain a deep understanding of other cultures and global issues
- » Uncover your strengths and discover new passions
- » Strengthen friendship bonds and make new connections
- » Build character, resilience and the confidence to face life's challenges
- » Boost your CV for university and job applications

SERVICE-LEARNING

This phase is not only one of the most valuable but often the most memorable parts of the expedition experience for our teams, as it's where you gain unique insights and perspectives on the world through providing a meaningful service to one of our overseas partners.

With all the organisations we partner with, we're committed to ensuring that our presence never disrupts, strains or negatively impacts the communities we're visiting. Instead, these are opportunities for students to be empowered and educated by our partners in a way that is mutually beneficial for all.

PHYSICAL CHALLENGE

For many students, the physical challenge of a trek is a really important part of their expedition, as this it's where you can push yourself — physically and mentally — as you take a step outside of your comfort zone. It's also a great opportunity to connect with nature and one another in some incredible landscapes.

From summiting a mountain peak to exploring rural life and remote villages, the duration and challenge level of your trek will be dependent on the team's aims and objectives.

LEADERSHIP

Equipped with your Leader in Me toolkit, your expedition is an opportunity to put your leadership skills to the test. Not only will the 7 Habits form part of your team culture while away, you'll also have an active role in the team's management each day.

One day you could be the team coordinator, the next taking charge of the budget. An expedition is all about putting you in the driving seat and giving you ownership of your adventure!

R&R/ACTIVITIES

Your itinerary will also include time to explore your destination, engage with fun activities, and take some time for a well-earned rest!

From sight-seeing in the city and visiting must-see attractions, to taking part in adventure sports and reading a book in a perfectly placed hammock.

This is the time to rest and recuperate while experiencing local culture and seeing more of the destination!

EXAMPLE ITINERARY

The duration and number of phases included in your final itinerary will be dependent on the length of your expedition.

DAY	PHASE	SUMMARY
1	Arrival	Depart on your flight from the UK. Arrive in Lima and take time some to adjust to your new surroundings
2-4	Travel and acclimatisation	Take a flight to Cusco, an ancient Andean city famous for its colonial architecture, lively atmosphere and Incan ruins. This is a good time to orientate yourself. Take time to buy any supplies that you need and contact your trekking guide and project contacts. Spend time v to the higher altitude (over 3300m).
5-9	Trek	The Lares trek will take you over two high passes (4600m and 4500m) as you trek through the Urubamba mountain range from Fundo Huaran in the Sacred Valley to the colonial village of Lares. The route will pass through mountain villages, farmland, high altitude forest, stunning gorges and alongside cascading waterfalls from brilliant glacial lakes. Every step will be rewarded with spectacular views of the mountains and surrounding Andes. At the end of your trek, treat your aching muscles to a soak in the natural hot spring baths – famed for their medicinal qualities.
10-15	Service-Learning	The Monterosa Reforestation Project was founded in 2007, and aims to preserve the flora and fauna within the Lucumayu Valley located in the buffer zone around the very fragile Machu Picchu Historical Sanctuary. The main focus is the reforestation and restoration of the highly damaged forest that has been slowly stripped of its trees over the centuries. Developing sustainable practices that involve the participation of local communities are crucial to the project so they can educate about respect for the earth and help to generate both social and environmental change.
16	Activity	Set off early in the morning to hike up the steps to the stunning Incan ruins of Machu Picchu – one of the 7 wonders of the modern world!
17-18	Travel	Take a train to Ollantaytambo in the Sacred Valley. From here you'll take a 'combi' bus back to Cusco, then travel overnight to Lima.
19	Activity	Take a boat ride Las Islas Ballestas, nicknamed the 'Poor Man's Galapagos' where you'll see all sorts of wildlife including sealions, pelicans and penguins
20-21	Departure	Depart and return to the UK for your homecoming

ADVENTURES & EXPERIENCES

At the Itinerary Development Session, with guidance from one of our destination experts, you and your team will shape your own expedition itinerary. You'll be given a selection of treks, global citizenship initiatives and activities to choose from that suit your expedition duration and desired challenge level.

Here are some examples of the adventures and experiences on offer in Peru:

CHOQUEQUIRAO TREK:

Often translated as the "Golden Cradle" Choquequirao has many similarities to Machu Picchu, though it's larger in scale. Abandoned in 1572, there's much speculation as to its importance in Incan history. The trek into the ruins will take you through various micro-climates. Once at the ruins you will take a day out to catch your breath and explore this archaeological site in greater detail.

SALKANTAY TREK (PERU):

An alternative to the Classic Inca Trail, this 6-day trek takes you through stunning and varied landscapes high in the South American Andes and ends at Aguas Calientes, the nearest village to Machu Picchu. The scenery changes daily, from a fertile valley floor up to bare mountain peaks, over rocky passes and beneath the snow-capped Apu Salkantay – the highest peak in the Cordillera Vilcabamba.

AMAZON EXPERIENCE:

Take a boat down the Madre de Dios River to access the Tambopata Nature Reserve – one of the most bio-diverse areas on the planet! You will be camping out in the jungle, seeing all kinds of weird and wonderful wildlife and learning about the medicinal properties of the plants around you. Be prepared for a hot, humid and sticky environment – that is the Amazon!

MACHU PICCHU:

The ancient Inca city of Machu Picchu is one of the world's great wonders. It is built on the mountain top overlooking spectacular forested mountains and valleys. Ascend the steps to be greeted by spectacular views and the chance to glimpse an unforgettable sunrise!

HUACACHINA:

Head to the coast town of Huacachina for some rest and relaxation. You may even fancy the idea of sanboarding on the magnificent sand dunes or the overnight desert experience.

GLOBAL CITIZENSHIP

Our partnerships are constantly evolving and changing based on the needs of the organisations we work with overseas. However, here are some examples of initiatives we've supported in previous years in Peru

THE ALLIANCE FOR A SUSTAINABLE AMAZON:

The Alliance for a Sustainable Amazon is a nonprofit working to conserve biodiversity and other natural resources in the Peruvian Amazon, for the benefit of all those who live in and depend on the rainforest.

During a service-learning partnership here, teams will contribute to on-the ground conservation in the world's greatest rainforest.

MONTEROSA REFORESTATION PROJECT:

Founded in 2007, this conservation initiative aims to preserve the flora and fauna within the Lucumayu Valley located in the buffer zone around the very fragile Machu Picchu Historical Sanctuary.

The main focus is the reforestation and restoration of the highly damaged forest that has been stripped of its trees over the centuries. Developing sustainable practices that involve local communities are crucial to generate both social and environmental change. As well as working on the project, you will have the opportunity to participate in workshops and education sessions.

A Global Citizen is aware of and understands the wider world — and their place in it. They take an active role in their community and work with others to make our planet more equal, fair and sustainable.

PAY

YOUR WAY

Every family's financial situation is different so self-funding is a great way to enable every young person to experience the adventure of a lifetime!

Not only is self-funding one of the most rewarding and valuable elements of participating in an Expedition or Explore trip, but universities and employers respect the commitment and entrepreneurship that a young person demonstrates in this phase. For these reasons we encourage our participants to self-fund the majority, or if not, the entirety of the amount.

It's about putting students in the driving seat so that they develop skills for life; managing money, record keeping, self-motivation, goal setting and target achievement.

PAYMENT OPTIONS

Your bespoke payment plan will be created based on the launch dates of your expedition. However, there are two options available for you to choose from, so that you can pay your way. Please find the example formats below — your actual payment plan will be provided to you separately based on the dates of your launch and expedition:

STANDING ORDER

Spread your payments evenly by setting up a monthly standing order, up to the final balance date

DEPOSIT	PAYMENTS
DATE	X PAYMENTS
£TBC	£TBC

INSTALMENTS

Instalments: Settle your balance across a number of instalments. Payments can be made through debit card, bank transfer or cheque

DEPOSIT	PAYMENTS 2	PAYMENTS 3	PAYMENTS 4
DATE	DATE	DATE	DATE
£TBC	£TBC	£TBC	£TBC

Payments can be made via Basecamp or by contacting our Customer Support Team. Please note that payment dates and amounts may change, should there be any delay in securing a minimum of 10 participants

UK LEADERSHIP DEVELOPMENT

Fully guided programme including;

- » Pay Your Way support
- » Map Your Journey Session
- » Leader Meeting
- » Final Preparation Day
- » 7 Habits of Highly Effective Teens (accredited online learning course)
- » Regular communications and online resources to inform and inspire
- » Team t-shirt

LEADER TEAM

- » Up to 2 travelling teachers and a highly qualified and experienced Outlook Expeditions Leader

INSURANCE & 24-HOUR SUPPORT

- » Comprehensive overseas medical insurance and 24-hour Operations Room to support teams in country

IN DESTINATION

- » All food and accommodation
- » All group equipment including tents, stoves, communication devices, and safety gear
- » All group activities and entrance fees
- » Contribution to support sustainable service-learning partners

OUTLOOK  Ready. For Life.

✓ FLIGHTS

- » Return international flights

✓ PRACTICAL LEADERSHIP WEEKEND

Training event to prepare you for life on expedition, and beyond, including;

- » Putting the 7 Leadership Habits into action
- » Food budget management and cooking safety
- » First aid and equipment testing
- » Orienteering, trekking and campcraft

EXCLUDED:

- » Vaccinations and visas
- » Personal belongings insurance & costs incurred by loss of passport
- » Pre-departure cancellation insurance (should you need to cancel your place on the team)
- » Personal equipment
- » Spending money for souvenirs
- » UK transport (to/from UK training venue, Final Preparation Day and airport collection)
- » Food & accommodation while travelling to and from UK airports
